SUMMARY

An enthusiastic and motivated student with a strong passion for Front-End Development. Quick learner adaptable to fast-paced environments, actively studying diverse programming languages and frameworks. Engages in personal projects or collaboration to enhance proficiency. Eager to contribute exceptional skills, creativity, and dedication to upcoming projects.

WORK EXPERIENCES

(Internship) - Mar to June 2023

PT Medlinx Asia Teknologi - Front End Developer

- Collaborated on Izidok's Medical Records App front-end with Laravel Blade, Javascript, and TailwindCSS.
- Translated design mockups into functional interfaces through close collaboration with product and UI/UX teams.
- Actively participated in QA testing, and troubleshooting compatibility issues for a smooth user experience.
- Implemented rigorous testing and debugging, resolving issues before deployment for a flawless final product.

(Project - Based Internship) - Batch October & November 2023

Core Initiave x Rakamin Academy - Front End Developer

Successfully finished various tasks related to the activity of Front End Developer and gained proficiency in JavaScript, particularly in the Vue framework, and acquired skills in CI/CD tools like Docker, Unit Testing using Jest, and Deployment.

Qwords x Rakamin Academy - Fullstack Developer

Successfully finished various tasks related to the activity of Fullstack Developer. Honed my skills in PHP, JavaScript (including Vue.js and React.js frameworks), and SQL for effective database management. Became proficient in backend development using Laravel and CodeIgniter. Additionally, I gained valuable experience working with APIs.
